**To whomsoever it may concern**

M/s Godrej & Boyce Mfg Co. Ltd, Interio - AV division has successfully carried out the design and integration of Video Conferencing solution along with required Audio and Video setup in 2012 at our Head Office as well as in our various Branch offices across India.

One of the important criteria defined by us for the vendor finalization was the past experience in dealing with complex Video Conferencing and Audio- video integration projects and successfully executing them. M/S Godrej & Boyce Mfg Co. Ltd not only fulfilled the same but also provided the state of art concepts with the very effective user interface that makes the audio video operation simple and user friendly. We have more than 30 locations with Video Conferencing setup and we use it extensively for Sales, Marketing, HR and Training purposes.

The team from godrej exhibited a high level of technical competence, execution capabilities and after sales support throughout the project. The documentation process adopted and the handholding is of highest standards and has helped all the users to use the facility effectively.
